

# bloom.

8 page, 6x12 mixed-media, fabric and paper hybrid album : **class time 3 hours**

Nothing makes me happier than a scrapbook bursting at the seams with creative bits of paper, fabrics, ribbons and photos...that is unless it incorporates cardboard, stamping, acrylic and transparencies too! This album is an over the top mixed-media experience blending traditional scrapbooking products in unconventional ways that results in a collected scrapbook of memories that is artistic, personal and rich with vibrant color.

## student supplies:
